

About Alzheimer's Society

Alzheimer's Society is the UK's leading support and research charity for people with dementia, their families and carers. We provide information and support to people with any form of dementia and their carers through our publications, National Dementia Helpline, website, and around 3,000 local services. We campaign for better quality of life for people with dementia and greater understanding of dementia. We also fund an innovative programme of medical and social research into the cause, cure and prevention of dementia and the care people receive.

For more information about dementia and the support available, visit alzheimers.org.uk or call the National Dementia Helpline on 0300 222 1122.

What is the Lincolnshire Dementia Family Support Service?

The Lincolnshire Dementia Family Support Service has been funded by Lincolnshire County Council to help you if you have a dementia diagnosis, your family or carer. The service is available countywide and delivered by our specialist family support workers.

The service will provide information on dementia and advice on how to manage your condition, to help you stay independent for as long as possible. Our family support workers can also help you to navigate available services to find the right support for you.
