

ECO Flex: Householder Application Form

ECO Flex allows local authorities to extend the eligibility criteria of the Energy Company Obligation (ECO4) scheme. This form allows households to apply to **Boston Borough Council** for the ECO Flex scheme as detailed in the Statement of Intent on the website: https://www.boston.gov.uk/ECO4. Please also refer to the ECO Flex Guidance for Householders document for further details.

Households are able to indicate on this form which of the four available routes they may qualify under and share their personal details with their local authority or eligibility assessor.

All potentially eligible households should apply through Boston Borough Council, YES Energy Solutions or Sureserve Ltd (formerly Everwarm Ltd) to ensure that they can either benefit from the scheme or be assessed for eligibility under any other relevant programme.

This application form does not guarantee eligibility for ECO Flex, and all applications are subject to an assessment carried out by the local authority, as outlined in the ECO Flex: Local Authority Administrative Guidance. https://www.ofgem.gov.uk/publications/eco4-guidance-local-authority-administration
